Electrostatic Refinishing & Repair

Smaller Budget? Refurbish your existing lockers instead of replacing them for a fraction of the cost.

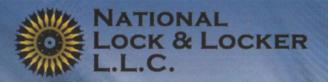

Do Your Lockers Look Like This?

We use the latest and most advanced locker refinishing methods.

We Can Make Them Look Brand New!

Servicing School Locker Systems Since 1965.

Product/Service Information for School System Lock and Locker Maintenance

"The Locker Guys"

Specializing in Master, National and Zephyr locks.

Company History

National Lock and Locker is a familyowned local business that began in 1965 with John Cozad, the founder, working alongside his daughter and two sons. In the beginning the company was contracted to perform locker services for the Gorrie-**Regan and Associates company out of** Birmingham, Alabama. When Gorrie-Regan left the Atlanta area, the elder Cozad continued the business as his own. Since John's retirement, his son, Neil, has taken over the company's operations. Since then, the company has expanded both in size and scope of services. As we have grown, customer service has remained our top priority. This is why our customers have used our services for over 40 years!

Quality Assurance

Experience

National Lock & Locker is a big name, but we are a small company that wants to earn and keep your business. When we come out to your school to perform the work, you will see the same people year after year. We do all of our own work in-house. We never farm out our core business to contractors who may or may not know lock and locker maintenance, and certainly don't know your school system.

Local Representation

We feel the best way to service our clients' needs is to be available not just one day every summer, but all year round. Since we are a local company, we respond more quickly and efficiently to your needs. Also, at least one of our company's principals will always be on-site while the maintenance of your school locker system is being performed. Service, reliability, and stability are our trademarks.

Why Choose National Lock & Locker to be Your Service Provider?

Low overhead and a local presence make choosing our company an easy decision. We can beat all of our competitors' prices and provide better service. You will always be able to get in touch with one of the company principals, not just a salesperson or customer service representative. Finally, we give you peace of mind that the job is performed correctly. When we leave your school, you are ready to assign your lockers—what could be more simple!

To learn more about our company and services or obtain a list of references please contact us at:

National Lock & Locker, LLC 504 Concord Circle Jonesboro, Georgia 30236 www.NationalLockAndLocker.com

Phone: 770-330-6912 Fax: 1-866-569-8653 Email: Sales@NLLCorp.com

National Lock & Locker is a full service locker company specializing in lock combination advancement and providing your new combination data on both Excel spreadsheet and student instruction cards. We also offer locker renovations and electrostatic painting.

National Lock & Locker will make your system functional, profitable and attractive. Give us a call to schedule an appointment. We guarantee to save you money and give the best service in the industry.

"The Locker Guys"

Lock Combination Change Service Agreement

*** This document is a Service Agreement describing services performed for payment rendered only. ***

Services to be provided by National Lock & Locker will include:

- Inspect each locker under this service agreement.
- Inspect each lock and set new combination for the next school year.
- Compile a list of repair issues and submit it to the school. The school may then request a repair quote, which will include itemized prices for parts and labor. Repair work can then be scheduled for the upcoming school year beginning September 1st.
- Provide Student Assignment Cards and Office Combination Sheets for the current school year.
- After lockers have been assigned, school personnel should make a list of any combination-related issues with the locker system. At that time the list will be addressed by a representative of National Lock & Locker. The school has 30 days from the beginning of the new school year to request maintenance follow-up. After that time, a trip charge may be assessed.

Service Agreement: AGREEMENT DATE: _____ P.O. NUMBER: _____

National Lock & Locker will perform the above listed services. When the services have been completed, an invoice will be provided to the party listed below. Payment will be made within 30 days of the start of the school year unless an alternate time frame has been discussed and agreed upon by National Lock & Locker and a school representative. If payment has not been received by the due date a late fee may be assessed. National Lock & Locker will require a minimum 3-year commitment for all new accounts in lieu of a setup charge. The initial price will be locked in for that length of service. Lockers must be accessible on the scheduled service date. If not, a return service trip will be scheduled and an additional trip charge will apply.

Annual Rate & Length of Service:

Lock Combination Change @ \$	per Locker Opening = \$
Lock Combination Change @ \$	per Locker Opening = \$

Authorization:

This agreement will begin in the school year ______ and run for _____ consecutive years. After such term this agreement automatically renews each year unless cancelled by either party. To cancel this service after the initial term, written notice must be given prior to April 1. Such notice is required in order to prevent preparation of computer records and other system planning for the current school year. After the initial term, National Lock & Locker retains the right to moderately increase the price rate for its services.
